

Agenda

September 29, 2020 from 12pm to 1:30pm

Orleans Parish Multi-Jurisdictional Hazard Mitigation Plan

Water Management Working Group Meeting

Welcome

We are here today to develop broad ideas that address the water management challenges faced by the City of New Orleans and its residents. From here, we will build out the Mitigation Actions for the 2020 Hazard Mitigation Plan (HMP).

Introductions

Presentation On The HMP Process and the Development of the Mitigation Strategy

Focus Questions

Develop Neighborhood and City Level Projects

Report out

Individuals will share ideas and build a list of potential actions to be workshopped at the next working group meeting.

Next Steps

Between now and our next meeting, please take the time to build out your mitigation action proposals, including all details you can provide on scale, timing, cost, and who should be involved in implementing your ideas.
